### The 10% Rule

Keep your business local and make 10% of your expenditures stay within Towson. Just think of the impact... If a company grosses \$300,000.00 per year and they see an additional 10% or \$30,000.00, that could mean hiring someone, expanding product lines, or making their interior and exterior look better. Keep business in Towson and create a positive environment for our community!

## VENDOR FAIR

**Thursday, April 2, TU University Union Floor 3**

Explore products and services from local, small, veteran, minority, and women-owned businesses and diversify your purchasing.

The Towson University Vendor Fair is an opportunity for campus and other local affiliate program managers and procurement representatives to network with and explore products and services from small, minority, veteran, women-owned, and local businesses from across greater Baltimore.

### SCHEDULE

#### 12:30–2 PM: Lunch Panel: Building Connections & Leveraging Resources

Are you a small, minority or veteran-owned business? This panel explores how small businesses can grow their network and leverage resources at large institutions, like TU and UMB. Learn strategies for building relationships, navigating institutional structures and accessing resources. Panelists share real examples, lessons learned and simple do's and don'ts for working with large institutions.

*Note: this panel is for small business owners and procurement representatives.*

*Thank you to our sponsor*

#### 1:30–3:30 PM: Vendor Fair

Featuring vendors of all kinds, with a focus on MBE/SBR/VSBE certified businesses. Network and engage with small, minority, veteran, women-owned, local businesses from across greater Baltimore and diversify your procurement activities.

### REGISTER TO ATTEND

*Hosted by TU Procurement Department and the Office of Partnerships & Outreach*

**Questions?** Email us at [partnerships@towson.edu](mailto:partnerships@towson.edu)

### APPLY TO BE A VENDOR

Are you certified as a small, minority-owned, or veteran-owned business?

**APPLY BY MARCH 6**

# Get to Know: Business Resource Spotlight

Hosted by the Baltimore County's Economic Development Team

## Upcoming Webinar Details

Wednesday, April 29 • 11 AM • 60 Minutes • FREE

The *Get to Know* webinars are part of a virtual series designed to connect small business owners, commercial property owners, and non-profit leaders with representatives from organizations that provide additional support. These informational sessions help interested shareholders understand available resources, how to access additional tools, and who to connect with for more information.

---

## Featured Speakers

Get to Know two key state agencies and discover how your organization can leverage state programs, resources, and initiatives to grow and thrive.

**Tim Murphy**

Senior Business Development Manager  
for Baltimore and Harford County

Maryland Department of Commerce

**Brad Fallon**

Assistant Secretary for  
Business Development

Maryland Department of Housing  
and Community Development

*Topic:* Overview of the Department of Commerce

*Topic:* Neighborhood BusinessWorks Loan Program

---

## Registration

**Registration is required.** Don't miss this opportunity to connect, learn, and unlock new possibilities for your organization.

# COMMUNITY PARTNERS

**Immaculate Conception School is excited to launch the ICS Community Partners Program for the 2026–2027 school year!**

## Who are we?

- Immaculate Conception School, located in the heart of Towson, is a 2024 National Blue Ribbon Catholic school educating children in Pre-K 3 through 8th grade.
- ICS has 420+ families committed to providing our 600+ students excellence in education.

## Why become an ICS Community Partner?

- It's an easy and cost-effective opportunity to promote your local business to ICS school families and families of area visiting teams interested in your products and services.
- A display of your strong ties within the local community appeals to your target audience.

## What are the benefits of being an ICS Community Partner?

- A 6' x 3' promotional banner will be displayed on the ICS athletic field, which is used heavily by school families and visiting teams on evenings and weekends during the fall soccer and spring lacrosse seasons. The athletic field is in use daily throughout the school year.
- Your logo, with a verified backlink to boost your online search visibility, will be on our website.
- The Community Partners pop-up poster featuring your logo will be displayed at multiple school-wide events throughout the year, reaching hundreds of families and visitors.
- ICS social media and our electronic newsletter will feature your logo and mentions of support.

Learn more about becoming an ICS Community Partner by scanning the QR code. Proceeds support a wide variety of initiatives integral to the student experience at Immaculate Conception School, promoting growth in Academics, Community, and Faith.

**Now is the time for your business to become an ICS Community Partner!**

# MAKE AN IMPACT IN HISTORIC EAST TOWSON

Last fall, Baltimore County and the Northeast Towson Improvement Association were selected as one of three teams from across the country to participate in Smart Growth America's Community Connectors program. This program helps communities repair the damage of divisive infrastructure, with a focus on dangerous roadways. In April 2026, the Community Connectors grant will fund the installation of a temporary demonstration project to make Historic East Towson's roadways safer, more comfortable, and more inviting.

**While this grant presents an incredible opportunity to change the roadway, much is still needed to accomplish our goal of bringing this space to life.**

**We need your help in realizing this vision!** Historic East Towson is one of the region's oldest African American communities, founded in 1853 by newly freed slaves from the Ridgley estate. Generations of descendants have since built homes and raised their families in Historic East Towson. Over the years, however, the community—which once stretched from York Road and Bosley Avenue into North and West Towson—has been damaged and diminished by a series of unwanted infrastructure and development projects. **Your contribution would go a long way to help restore a sense of community and connection in Historic East Towson.**

We want this project to serve as a catalyst for long-term strategies that create a safer, more inclusive street environment, and there are a variety of ways that you could support this mission. The enclosed Project Needs sheet outlines a variety of ways you could lend support or a hand. I hope you'll see an opportunity that works for you. If you have any questions, please do not hesitate to reach out. I'd be more than happy to provide additional information about this project and how you can get involved.

On behalf of the entire Historic East Towson Community Connectors Project Team, thank you for your ongoing contributions to the broader community. We look forward to engaging you in this effort!

Sincerely,

**Megan Oliver**

Baltimore County Department of Planning  
Senior Planner for Council District 6

## PROJECT PARTNERS

**Baltimore County**  
Department of Planning and  
Department of Public Works and Transportation

**Northeast Towson Improvement Association County**  
501(c)(3)

This project is supported through the **2025 Smart Growth America Community Connectors Program**, with funding provided by the **Robert Wood Johnson Foundation**.

# PROJECT NEEDS

Your contributions will help us bring our vision of a safer, more comfortable, and more connected Historic East Towson to life! Your support means a lot to our project and to the community, and so we want to give you a chance to determine what forms of support are most meaningful to you! Below are some ways to help out.

## SPONSOR

Additional financial support will go toward enhancing the community space and supporting community programming. Sponsors can be recognized through promotional project materials.

### SPONSORSHIP LEVELS

#### CONTRIBUTING - \$50

A \$50 donation will help beautify the community space and may be used to purchase flowers/plants, sidewalk chalk, and other seasonal decorations.

#### SUPPORTING - \$100

Every \$100 covers the cost of a piece of street furniture (benches, tables, community games, etc.) that creates a comfortable and lively space where the community can gather.

#### SUSTAINING: \$250+

Sustaining donations support ongoing community programming (block parties, neighborhood dinners, game nights, etc.) that activate and bring life to the community space.

## EVENT PARTNER/HOST

Our project creates a space that can showcase local businesses and creatives in a few ways:

- **Launch Event Activity:** Plan an activity to occur during our community launch event (tentatively scheduled mid-day on April 25, 2026).
- **Self-Organized Programming:** Plan a one-time or ongoing program to take place in the newly created community flex space between May 2026 and April 2027.

## IN-KIND DONOR

Below are some items needed to implement our vision:

- Gently loved books (for our new Little Free Library)
- Plants/flowers for planter boxes
- Coffee and snacks to fuel build-day volunteers
- Signage printing services
- Art supplies
- Outdoor umbrellas (and stands)
- 10'x10' Festival Tent

## VOLUNTEER

A community "build day", which will bring residents and volunteers together to help with painting and assembly, is tentatively scheduled for Saturday, April 18th, from 9am to 11am.

Please contact Megan Oliver with the Baltimore County Department of Planning to sign-up as a volunteer [mrosen@baltimorecountymd.gov].

# RECONNECTING EAST TOWSON

Baltimore County and the Northeast Towson Improvement Association (NeTIA) together have been selected as one of three participating teams in Smart Growth America's 2025 Community Connectors program. This program helps small and mid-sized cities repair the damage of divisive infrastructure, with a focus on dangerous arterial roadways.

## COMMUNITY CONNECTORS: HISTORIC EAST TOWSON

In Spring 2026, the Community Connectors grant will fund the installation of a temporary demonstration project that explores ways to make Historic East Towson's roadways safer, more comfortable, and more inviting.

Take the online survey!

<https://forms.gle/d9awEiPEsojVeu2Z8>

### LOCAL PARTNERS:

The Northeast Towson Improvement Association (NeTIA) and Nancy Goldring, NeTIA President  
The Baltimore County Department of Planning

The Baltimore County Department of Public Works and Transportation  
Goucher College

This project is supported through the 2025 Smart Growth America Community Connectors Program, with funding provided by the Robert Wood Johnson Foundation.

## WHAT ARE SOME OF THE PROPOSED CHANGES?

## IS THIS THE FINAL DESIGN?

The image above shows a concept that is being refined by engineers at Stantec. It may be modified before final approval by Baltimore County's Department of Public Works and Transportation.

## HOW WAS THIS DESIGN DEVELOPED?

This concept was developed over the last six months based on a robust data collection effort, input from community participation, and guidance provided by Smart Growth America, a national leader in advancing transportation and development policies in support of community health and livability.

## WHAT IS A COMMUNITY FLEX SPACE?

By reclaiming an underused travel lane, the proposed design creates new flexible-use space for the community. This will include an asphalt art project (the first-of-its-kind on a County road!) and space within 9' from the existing curb that can be used for gatherings, events, and beautification.

## WHEN WILL I SEE THESE CHANGES?

These improvements are a set of **temporary** changes that will begin in Spring 2026 (targeting late April) and remain in-place for 12 months.

## WHAT HAPPENS AT THE END OF THE DEMONSTRATION PROJECT?

While the project is in-place, the team will measure its impact through surveys and data collection that tracks changes in motorist behaviors, like speeding. Depending on these observations, the space may return to pre-project conditions, or the team may work with the County to implement more permanent improvements.

## WHAT IMPACTS MIGHT NEIGHBORS EXPECT?

This project aims to improve safety and comfort in the area. The team anticipates the following:

- **Crossing the street will be easier and safer** for pedestrians as a result of increased signage, enhanced crosswalk markings, and changes to roadway design.
- Roadway design and environmental changes will **slow speeding traffic**.
- **Current traffic flow will be maintained** (the majority of motorists already use just a single lane on Fairmount Avenue).
- **Access to existing driveways and homes will be preserved**; mail delivery, waste removal, and emergency access to adjacent properties is preserved through dedicated shoulder space.
- **New space will be available for neighbors** to connect with one another and hold community events.

## HOW CAN I LEARN MORE OR ASK ADDITIONAL QUESTIONS?

Additional questions or comments can be directed to Megan Oliver in the Department of Planning ([mrosen@baltimorecountymd.gov](mailto:mrosen@baltimorecountymd.gov))

**MD 45 (York Road) Roadway Improvements and Water Main Replacement Project**

**Construction Work and Temporary Lane Closures Beginning Fall 2025 for Water Main Replacement and Roadway Improvements in Towson**

The Maryland Department of Transportation State Highway Administration (SHA), in collaboration with the Baltimore County Department of Public Works and Transportation (DPWT), is beginning the construction phase of the MD 45 (York Road) Roadway Improvements and Water Main Replacement Project in Towson. The 0.5-mile project extends along York Road from Newell Avenue - 300 feet south of the Towson Bypass/Burke Avenue intersection - to the Towson Roundabout at E. Joppa Road and MD 146 (Dulaney Valley Road).

**Project Overview**

The purpose of the joint project is to replace the county water main under York Road and upgrade the roadway, sidewalks, driveway entrances and drainage inlets and pipes along 0.5-mile of York Road to improve highway safety and traffic operations, pedestrian accommodations and bicycle connections. The scope of the \$9 million project includes:

- replacing the existing Baltimore County water main within the project limits;
- upgrading existing traffic signals, intersection lighting, signage and pavement markings;
- upgrading sidewalk ramps to be compliant with Americans with Disabilities Act (ADA) requirements;
- reconstructing commercial business entrances within the project limits to be ADA-compliant and
- replacing damaged inlets, installing new infrastructure as needed, cleaning pipes and drains and replacing or cleaning existing storm drain pipes.

**How will work impact York Road traffic flow?**

Most of the construction work on this project, such as water main replacement and roadway repair and resurfacing, will be done overnight. Work that may be done during daytime hours includes replacement of concrete sidewalks, curbs, gutters and driveway entrances. On-street parking along the right lane of northbound and southbound York Road may be temporarily prohibited during construction work.

**Lane closure hours**

Overnight single- and double-lane closures along York Road may occur any time Sundays through Thursdays between 9 p.m. and 5 a.m. the next morning.

SHA advises drivers traveling through Towson on York Road to destinations south of Towson University and north of the Towson Roundabout to use alternative routes at night.

**How will the work affect York Road pedestrian access?**

Pedestrian access will be maintained to all properties within the project limits at all times during construction. The construction team will coordinate activities with property owners to minimize disruptions. An ADA-compliant pedestrian path will be provided during sidewalk reconstruction and curb ramp replacement at the signalized and unsignalized intersections. Crews will work mostly at night to limit the impact on pedestrian travel.

**How will the work affect York Road bus stops?**

During construction, bus stops on York Road in downtown Towson for Maryland Transit Administration (MTA) buses, the Baltimore County Loop - Towson Circulator Bus, Towson University Bus and the Baltimore Collegetown Shuttle Bus may be affected by temporary lane closures. Bus stop locations may be temporarily shifted or relocated due to construction work on the roadway and/or sidewalks. No bus stops will be eliminated.

**When will construction work be completed?**

SHA, Baltimore County DPWT and contractor Pessoa Construction Co. will make every effort to complete this project as quickly as possible while minimizing impacts on residents, businesses and travelers. Weather and other construction factors permitting, the project will be complete by fall 2027. Visit the Project Portal page by scanning the QR code shown below.
